Part III REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose, teach or suggest the claimed limitations of (in combination with all other limitations in the claim), a plurality of image forming apparatuses, each comprising its own dedicated controller including a program memory for storing a program used by each of the plurality of image forming apparatuses, a data transmission mechanism, connected to a buffer memory, configured to connect plural of the plurality of image forming apparatuses to each other so as to allow a data transmission there between; and a connector configured to connect an external storage to the buffer memory so as to allow a data transmission from the external storage to the buffer memory, the external storage storing data of programs to be respectively used by said plurality of image forming apparatuses, wherein, when the external storage is connected to the connector, the data of the programs stored in the external storage are transmitted to the buffer memory through the connector and are downloaded into the program memory included in the dedicated controller of each of the plurality of image forming apparatuses, respectively, through a data transmission using the data transmission mechanism as claimed in claim 1. Similar features are claimed in claims 7, 13, 14 and 23. Therefore, claims 7, 13, 14 and 23 are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
